Opportunities for Older Youth

SCT is home to child and teen theatric pursuits alike! Check out our bevy of fall, winter, and spring offerings for older youth, including:

Young Actor Institutes (Ages 14-18)

Young Actor Institute is SCT's highest level of actor training, preparing students for the world of professional theatre. These classes, taught by professional working artists, dive deeply into a variety of specialized performing arts disciplines.

A unique New-work development with *#ENOUGH: Plays to End Gun Violence*

This fall, SCT in partnership with The 5th Avenue Theatre and The Alliance for Gun Responsibility present *#ENOUGH: Plays to End Gun Violence*. Students in this class will learn about theatre as activism while rehearsing to showcase original short-plays from the *#ENOUGH* festival. Students will participate in the national premiere of these plays on Monday, November 6, 2023.

Stage Makeup, SFX for Memorial Day 2024

Bring your wildest characters to life using the art of stage makeup! We'll learn how to physically transform into different characters by utilizing industry-known special effects (SFX). From zombies to aliens, special effects are what make even the most outlandish characters feel real.

YAI (Young Actors Institute) for Spring 2024:

Musical Theatre Revue

This select cohort of students train intensively for seven sessions, three hours each, to explore their own identities as performers. YAI faculty work together to develop an integrated curriculum that challenges and supports each student through a daily session in Choreography, Music, and Storytelling. The program culminates in a studio showcase on the last day of class for families and friends to see!

Masterclass, Winter 2024: *A Midsummer Night's Dream*

Fantasy, comedy, and romance collide in *A Midsummer Night's Dream*! As we dive into this classically whimsical tale, students will build their knowledge of Shakespeare's work while developing their acting skills at the same time. From young lovers and mischievous sprites to powerful royalty and hapless performers, this play has something for everyone! This class will culminate in a studio presentation of abridged scenes from the script.

The Legacy of Story Drama at SCT

Story Drama is one of SCT's most beloved and well-known programs in Drama School! Each class serves as a wonderful and welcoming introduction to how students can use their imagination in new, exciting ways.

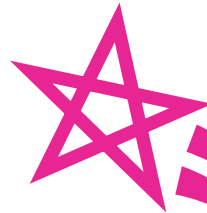

Story Drama positions the child as the expert, allowing their natural curiosity to spark creativity. Each day is centered around a "BIG problem," and beloved children's books serve as the inspiration for our zany adventure to solve them! We'll create characters, explore dramatic environments, and develop literacy, collaboration, and social skills along the way. And in our Guardian and Me sessions, one grown-up per student is welcome to join the group each day.

"We loved it and already signed up for another class in August!"

"...It was a perfect blend of thinking, moving and creating. The kids had a great time answering questions, drawing pictures, acting out themes AND we have a new favorite sandwich!"

"We drove down from Lake Stevens every morning for this class. It was 1000% worth the drive. Thank you everyone for a fun week!"
